

Important Notice about Counterfeit Cashier's Checks

Pikes Peak Credit Union's Cashier's Checks are currently being counterfeited. The counterfeit checks range from \$2,450 - \$15,500. The check numbers also vary but are typically in the 500,000 or 700,000 series. There have been no consistent descriptions of the colors or features on the checks but the remitter, payee and date are usually printed in different fonts. Some payees and dollar amounts are hand written.

These checks have been received all over the United States. Some checks have been received in response to job listings on Craig's List. Others came in response to newspaper classified ads and at least one was received from a "friend" on Facebook. Every instance is consistent whereby the recipient of the check is asked to forward part of the check to another person or charity. Many times the recipient was instructed to forward funds to a children's hospital or orphanage.

Please verify all Cashier's Checks before cashing/depositing. Please call Pikes Peak Credit Union at 719-473-5962 to verify. Thank you.
