

COVID-19 UPDATE: FACE COVERING REQUIRED TO ENTER

Safety is our top priority; therefore, our lobbies are open in adherence to guidance set forth by our public health experts and the Centers for Disease Control and Prevention.

What you should know before entering our lobbies:

1. A face covering is required for members to enter our lobbies. All employees are also required to wear face coverings.
2. All members and employees are encouraged to practice social distancing at all times.
3. Teller windows and drive-up carriers are disinfected between each member.
4. Other frequently touched surfaces are disinfected multiple times each day.
5. The number of members inside each location at any one time is being limited. Members are asked to complete their business as promptly as possible.
6. Hand sanitizer is available for our members in our lobbies.
7. Lobby amenities, such as coffee, suckers, mints, children's toys and drinking fountains are temporarily unavailable.
8. Members who require a pen to complete a transaction are asked to keep the pen or dispose of it in the trash.

We will still continue to offer extended services through our drive-up to members who do not have a face covering or are not comfortable coming into the lobby.
