

Meet our Executive Vice President, CLO - Joshua Gibson

I am honored to join Pikes Peak Credit Union and look forward to supporting the continued growth and service excellence our members expect. I bring nearly twenty years of experience in consumer and indirect lending, most recently serving in a strategic leadership role with a \$6 billion credit union in Washington State. Over the course of my career, I have focused on building strong lending programs, enhancing member value, and leading teams through strategic growth and operational improvement. I hold a bachelor's degree from Whitworth University and am a graduate of Western CUNA Management School, both of which have shaped my leadership philosophy and commitment to member-centric financial services.

Family is a central part of my life. My daughter Emma is a freshman at Whitworth University, my alma mater, where she is pursuing pre-med studies. My younger daughter, Evelyn, is a high school freshman who is active in orchestra, where she plays the viola, and participates in competitive volleyball.

I am grateful for the warm welcome I have received and look forward to contributing to Pikes Peak Credit Union's mission and future success. It is a privilege to serve our members and our community in this capacity.
